Dear Mr. Calma,

In my pursuit of new creative endeavors, I was excited to find the Web Developer opportunity with Make4YOU Web Solutions. As a progressive creative thinker with programming experience, I believe that I can bring valuable contributions to your team. I am confident that my academic history in Holy Angel University as a Web Development college graduate, leadership skills learned from being part of the university and college student council, and aptitude for creative problem-solving will be an invaluable addition to your existing team.

Identifying innovative approaches and improved solutions to business challenges both motivate and drive me. Observation, inspiration, and determination are my foundation for success. My skills are current and I am up-to-date on the latest in the industry. My experience as a Web Development graduate in Holy Angel University has served me well in developing programming as well as layout design, and web development strengths. Beyond my enthusiasm and dedication, I also have a background in leadership and working with bigger teams.

For a greater presentation of my background and qualifications, you may review my portfolio at <https://www.lovelsiron.com/>.
